EXTERNAL SENDER: Use caution with links and attachments.

Good evening, Kirk.

These design build projects (445056 1, 445056 2, and 445057 1) are approved for advertisement based on the condition that they will not be awarded/let until TIP/STIP amendment has been processed. If FDOT awards/lets the contract before the TIP/STIP amendment has been processed, then the project may be ineligible for federal aid funds.

Any questions, please, ask.

Thanks,

Bren

Thanks Luis.

Bren,
We request that FHWA grant the Department conditional project authority to advertise the design build contract for the 3 projects covered by the subject approved Re-evaluation. The schedule for advertisement, TIP/STIP amendment approval and project award/let is below:

Contract Advertisement	October 11, 2021
TIP/STIP Amendment Approved	November 30, 2021
Contract Award/Let	May 26, 2022

Please let us know if you have any questions or concerns.

Thanks

Kirk,

Thank you for your patience. Attached is the reevaluation with FHWA's approval.

Have a great week!
Luis

Good afternoon Luis and Team,
Thank you and Bren for meeting with us this afternoon to assist us in mapping out a plan to get these project advertised for Design Build and eventually awarded/let. Attached you will find for your approval is a signed Advanced to Construction Reevaluation with a commitment to comply with the obtain planning consistency within three month and/or before the construction contract is awarded. When we have obtained planning consistency, we will submit a request along with documentation via email for your final approval of the subject Reevaluation.

Bren,
After Luis approval of the Reevaluation with a commitment to obtain planning consistency, we will submit an email request to you for conditional project authorization so that we might advertise the Design Build contract. The email will detail a schedule of the advertise date, when we expect to obtain planning consistency and the contract award date.

Again, I want to thank the FHWA team for partnering with the Department to get these very important regional projects advertised and awarded. If you have any question or concerns, please let us know.
