I had a follow up with Jennifer, we will use today as the Consultation date since our consultation with OEM was before NEPA Assignment of this study.

Thanks

Subject: RE: 447107-2 , -3 , -4 Consultative Construction Advertisement Re-eval

Good morning all,

I just had a meeting with OEM and it was decided that we will process the Consultative Design Change Reevaluation only at this time and process a Construction Reevaluation when federal funds are programmed before the construction is authorized. Therefore, we don't need to show planning consistency at this time.

Thanks

EXTERNAL SENDER: Use caution with links and attachments.

Good morning Kirk,

I am curious to know if you received direction from OEM on adding the -3 and -4 to the Consultative Construction Advertisement Re-evaluation? I am addressing your comments on the two re-evaluation forms and want to confirm if we are including these two FMs.

Thank you and have a great day!
